

Bibliotekportalen makes it easy to find subject databases, library catalogues, e-journals, e-books, reference works and subject gateways

Databases: The resources are sorted alphabetically ...

and in subject categories

Select the resource you want to search

Most resources are linked to the subscribed journals

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan.

Crossearch: Search in several electronic resources simultaneously

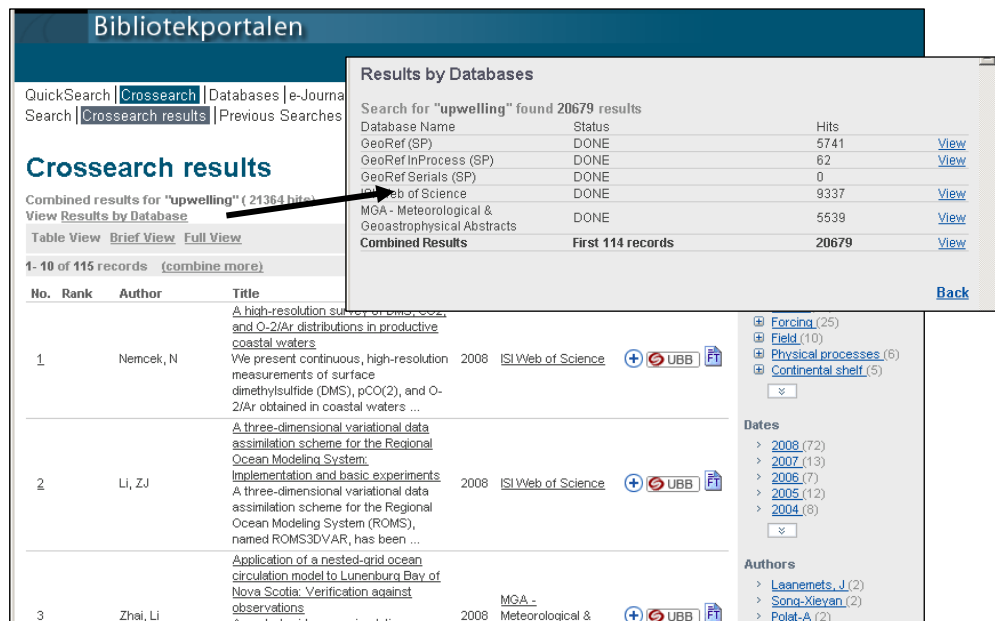

Select databases

Use simple or advanced search mode.

Search results are shown in a combined list or separately for each database

You may

- refine your search
- go to previous searches
- save your search (after login)

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan.

You may also export references to your reference software.

QuickSearch: Search predefined resources

The screenshot shows the QuickSearch interface with the following elements:

- Search mode: Search | Results
- Search query: Search for "Any word=(medical writing) And Any word=(master)" in "Article1st + ISI WoS" found 6 results
- View options: Table View | Brief View | Full View
- Sort by: Year
- Records: 1-6 of 6 records retrieved
- Table of results:

No.	Rank	Author	Title	Year	Database	Action
1		Siwek, J	<u>How to write an evidence-based clinical review article</u> Traditional clinical review articles, also known as updates, differ from systematic reviews and meta-analyses. Updates selectively review the medical literature while discussing a topic broadly. Non-quantitative systematic reviews ...	2002	ISI Web of Science	+ UBB P
2		Hansen, PA	<u>Physiology's recondite curriculum</u> Dr. Penny Hansen is an international physiology educator. She was born in America and became a Canadian citizen, and her husband is from Sweden. Dr. Hansen has a reputation throughout the world from international meetings and visting ...	2002	ISI Web of Science	+ UBB

Additional elements on the results page include a sidebar with Topics (Systematic reviews, Master's Degrees, Other) and Dates (2002, 2000, Other).

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan. You may also export references to your reference software.

e-Journals:

Updated lists of e-journals alphabetically sorted by title

or you may browse by subject.

My Shelf: You may collect search results on your eShelf.

After login, you may make your own lists of databases and e-journals, store searches and define them as Alerts. Login with the user name and password for the University of Bergen.

No.	Author	Title	Database	Actions
1.	Carlisle, Sandra	Well-being and consumer culture: a different kind of public health problem?	PubMed (Medline)	[X] [UBB]
