

Bibliotekportalen makes it easy to find subject databases, library catalogues, e-journals, e-books, reference works and subject gateways

**Databases:** The resources are sorted alphabetically ...

and in subject categories

Select the resource you want to search

Most resources are linked to the subscribed journals

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan.

## Crossearch: Search in several electronic resources simultaneously

The screenshot shows the 'Crossearch' interface. On the left, there's a 'Select Search Type' dropdown set to 'Categories'. Below it, 'Natural sciences' is selected. A list of sub-categories includes 'Earth sciences'. The main search area has 'Simple' and 'Advanced' tabs. The search term 'upwelling' is entered in the search box. Below the search box, a list of databases is shown for the category 'Natural sciences--Earth sciences', which contains 24 databases. Some databases are checked, including GeoRef (SP), ISIWeb of Science, and MGA. A 'SOK' button is located to the right of the search box.

Select databases

Use simple or advanced search mode.

Search results are shown in a combined list or separately for each database

You may

- refine your search
- go to previous searches
- save your search (after login)

The screenshot shows the search results page for 'upwelling'. The main results are shown in a table with columns: No., Rank, Author, Title, and Year. Three results are visible. A 'Results by Databases' pop-up window is shown, displaying a table of search results for 'upwelling' found in 20679 results. The table includes Database Name, Status, Hits, and a View link.

| Database Name                                    | Status | Hits                     | View                              |
|--|--------|--------------------------|-----------------------------------|
| GeoRef (SP)                                      | DONE   | 5741                     | <a href="#">View</a>              |
| GeoRef InProcess (SP)                            | DONE   | 62                       | <a href="#">View</a>              |
| GeoRef Serials (SP)                              | DONE   | 0                        |                                   |
| ISIWeb of Science                                | DONE   | 9337                     | <a href="#">View</a>              |
| MGA - Meteorological & Geostrophysical Abstracts | DONE   | 5539                     | <a href="#">View</a>              |
| <b>Combined Results</b>                          |        | <b>First 114 records</b> | <b>20679</b> <a href="#">View</a> |

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan.

You may also export references to your reference software.

## QuickSearch: Search predefined resources

The screenshot shows the 'QuickSearch' section of the Bibliotekportalen website. It features a navigation bar with 'UiB' and 'Bibliotekportalen'. Below the navigation bar are links for 'QuickSearch', 'Crossearch', 'Databases', 'e-Journals', and 'My shelf'. A search bar contains the text 'medical writing' and 'master' with a 'SØK' button. There are also radio buttons for 'BIBSYS OPAC' and 'Article1st + ISI WoS'.

You may limit your search by topic, year, etc.

You may go to Crossearch for further work with your search list.

The screenshot shows the 'QuickSearch Results' page. It displays a table with 6 records retrieved. The table has columns for No., Rank, Author, Title, Year, Database, and Action. The first record is by Siwek, J. and the second is by Hansen, PA. There are also links for 'Topics' and 'Dates' on the right side of the page.

| No. | Rank | Author     | Title  | Year | Database           | Action  |
|-----|------|------------|--|------|--------------------|---|
| 1   |      | Siwek, J   | <a href="#">How to write an evidence-based clinical review article</a><br>Traditional clinical review articles, also known as updates, differ from systematic reviews and meta-analyses. Updates selectively review the medical literature while discussing a topic broadly. Non-quantitative systematic reviews ... | 2002 | ISI Web of Science | <a href="#">+</a> <a href="#">UBB</a> <a href="#">Fit</a> |
| 2   |      | Hansen, PA | <a href="#">Physiology's recondite curriculum</a><br>Dr. Penny Hansen is an international physiology educator. She was born in America and became a Canadian citizen, and her husband is from Sweden. Dr. Hansen has a reputation throughout the world from international meetings and visting ...                   | 2002 | ISI Web of Science | <a href="#">+</a> <a href="#">UBB</a>                     |

gives access to full text, holdings of print material at the University of Bergen Library, or an order request for copy or loan. You may also export references to your reference software.

## e-Journals:

Updated lists of e-journals alphabetically sorted by title

or you may browse by subject.

**My Shelf:** You may collect search results on your eShelf.

After login, you may make your own lists of databases and e-journals, store searches and define them as Alerts. Login with the user name and password for the University of Bergen.

| No. | Author             | Title  | Database         | Actions   |
|-----|--------------------|--|------------------|---|
| 1.  | Carlisle, Sandra   | Well-being and consumer culture: a different kind of public health problem?          | PubMed (Medline) | <input type="checkbox"/> <input type="checkbox"/> UBB |
| 2.  | Westaway, Margaret | Which personal quality of life domains affect the happiness of older South Africans? | PubMed (Medline) | <input type="checkbox"/> <input type="checkbox"/> UBB |
| 3.  | Emery, Nancy L     | Self-reported food reactions and their associations with asthma.                     | PsycINFO (Ovid)  | <input type="checkbox"/> <input type="checkbox"/> UBB |
| 4.  | Strassnig, Martin  | Increased caffeine and nicotine consumption in community-dwelling                    | PsycINFO (Ovid)  | <input type="checkbox"/> <input type="checkbox"/> UBB |

| Database Name  | Type            | Actions  |
